

August 2010

Thank you for your interest in the International School Eastern Seaboard (ISE). If you would like more information, or are interested in a tour of our campus, please give the school a call.

ISE is dedicated to providing a college preparatory program for all its students. We enjoy a family atmosphere on campus and parents are included in our many activities at ISE. Currently, we have 330 students enrolled from 24 different countries making us truly an International school.

Our American based curriculum focuses on the individual child. At ISE the teacher take the time to understand and get to know each student to optimize his or her learning experiences. In addition to our American program, in grades 11 and 12 we offer the IB Diploma Program.

If you would like to know about what ISE can offer for you and your child please make an appointment with the main office. Touring the school, asking curricular questions and getting to watch students in action will give you a better feel of what we have to offer. Please take a look at our website and let us know when you can visit ISE.

We look forward to seeing you soon!
